GERMAN TWINNING GUESTS ENJOY TAUNTON'S NORMAN GARDENS

Guests from Taunton's German twin town of Königsutter am Elm gathered to meet Mayor of Taunton Cllr Nick O'Donnell and representatives from the Taunton Chamber of Commerce and the Somerset Archaeological and Natural History Society, taking the opportunity to see the new permanent home for the bench the Germans brought with them on their last visit – the tranquil Norman Gardens, nestled between the Museum of Somerset and The Castle Hotel.

Karen Halls, Friends of Königsutter Secretary and German visitor Andreas Webber, chairman of the Friends of Taunton were thrilled to see the bench sited in its new home. Andreas, who was part of the delegation who visited Taunton in 2019, bringing with them the bench, explained: *"In Königsutter, our local Chamber of Trade provided benches for passers-by to stop, rest and reflect and so it was felt fitting to gift the people of Taunton such a bench too. It is lovely to see it will offer Tauntonians the same opportunity to sit and enjoy the wonderful surroundings of the Norman Gardens."*

Karen Halls added: "It is great to start the 2023 hosting visit by showing our German guests the new bench location, reinforcing the ties of friendship between our towns. Being part of the twinning association is so much fun and we would welcome anyone interested in getting involved in our friendly group to email me on foktauntontwinning@gmail.com"

Nigel Pearce, Vice-Chair of Somerset Archaeological and Natural History Society who own the Gardens gave the guests a brief history of the spot and the Norman fort that once stood on site, including the grant funded restoration works carried out during 2021/2 to stabilise and protect the walls of the original motte and bailey castle which still border the gardens: *"On behalf of SANHS I was delighted to organise the gathering and offer the guests from Germany an insight into the cultural significance*

of the garden and the reasoning behind the siting of the bench in this location"

Mayor of Taunton, Cllr Nick O'Donnell was thrilled to join the visit saying: *"I very much enjoyed meeting the people behind our twinning endeavours and witnessing the warm friendship between guests and hosts. Relationships with Taunton's twin towns are a vital and enduring connection with continental Europe and the spirit of connection and community is very much supported by Taunton Town Council."*

Richard Holt, President of the Taunton Chamber of Commerce concurred: *"We have so many similarities with our twinning partners, and we were honoured not only to receive the bench initially, but to also invite the Königsutter visitors to see it in its new home."*

Ronan Hunter, General Manager at The Castle Hotel concluded: *"It was a pleasure to host this celebratory event for the Friends of Königsutter representatives and their visiting German guests. After enjoying refreshments in our newly refurbished Drawing Room, it was lovely that the warm weather held so we were able to give the visitors time to enjoy the peace and tranquility of the Norman Gardens, equally much loved by our hotel guests."*

ACCOUNTS PROJECTS

Small Business Systems Accountancy: bringing together systems, processes, bookkeeping and management.

Accounts Projects was established in 2021 as a sole trade by James Wade, serving Exmoor, the Quantocks, the Blackdowns and the Vale of Taunton from the surroundings of Wiveliscombe. There are no partners or employees, so you can expect a one-to-one service. The emphasis is on confidentiality, integrity, objectivity and professionalism.

These are the general areas where Accounts Projects might help you, and your project could involve a combination of these services depending on your requirements and budget:

Systems & Processes - from tweaking your existing set up to implementing something new. Understanding what's needed, why and how best to do it, then making sure you can work with the result.

Bookkeeping & Payroll - working with your existing systems and processes to get to know your set up as part of a larger project, or perhaps to help with a short term absence or lack of capacity.

Sounding Board - stimulating your thoughts and ideas about how you and your business are prospering, compared to your aspirations, expectations and investment of time and money.

Frameworkx was established in Taunton during 1999 by ourselves Dustyn and Tracey, starting the family business after gaining experience and skills working in previous picture framing roles.

We create bespoke framing solutions from our workshop and gallery in Yarde Place where individual options and advice is given during consultation to enhance and preserve all items that are framed. We offer a wide variety of choice, colour and styles from classic to contemporary and current industry trends.

Over recent times with the constant competition of online companies it is even more important to promote good customer service and showcase the quality of materials that are used in the finished work. Having seen other framers 'framing horrors', over the years with how artwork and sports shirts are stuck, stapled and taped, the care and attention to detail is foremost when we complete tasks. Working to conservation standards which are maintained regardless of the items monetary value, 'we always appreciate the item is valued by someone'.

With framing a variety of artwork, photos, medals, memorabilia and curiosities, no day is ever the same and each day brings new challenges from large 3 metre canvases to marionette puppets, completed as additions for homes or as thoughtful gifts.

Media**

Sunflower Social Media is a social media marketing business based in the beautiful Quantocks. We provide strategy, advice and management programmes, all tailor made. As well as working with businesses directly, we work in partnership with other Somerset PR and marketing businesses to provide an integral service to clients.

With daily changes and updates on many platforms, it is impossible for businesses to keep up with them all. Do people still use Threads? What has Elon done with X now? Should we be posting Reels? Which platforms should we be on?

The best advice for any business wondering where to focus on their socials is to look carefully at who your audience is, decide what your key messages need to be and then pick the best one or two platforms that your audience uses most. Once you have done this, be consistent. Keep letting your audience know you are there and that you have solutions for them.

If you need an extra pair of hands to free you up to do what you do best, or you want to hand over your social media management completely or perhaps just get some advice on strategy or direction, give Siobhan a call!

DRYAD GIN NOW A GOLD MEDAL WINNER IN ITS FIRST YEAR

Exciting news! Taunton Chamber member Dryad Gin has just been awarded a prestigious gold medal in its first year of operation, gaining global recognition since its launch. Out of 22,383 spirits from 57 countries, only 23 gins received a gold medal, and Dryad Gin is the only gin selected from the UK.

This phenomenal achievement was made possible through participation in The Spirits Selection by Concours Mondial de Bruxelles, the leading international event honouring spirit drinks worldwide. An independent panel of renowned experts from across the globe meticulously evaluated the entries and bestowed medals upon the best. What makes this competition unique is that the judges never see the bottles, ensuring anonymity and fairness throughout the process.

Dryad Gin distiller Becky Wright, expressed her astonishment and gratitude, saying, *"Wow, I can't believe how well we have done. I'm literally holding a gold medal; it's amazing. We would like to thank every person who has supported us and purchased our Dryad Gin over the last year. With this recognition, we hope to reach an even larger audience and continue our growth."*

Dryad Gin can be purchased online www.dryadgin.co.uk or from Rumwell Farm Shop and ASK Italian Taunton.
