# Taunton Chamber of Commerce President reflects on membership milestone...

As President of Taunton Chamber of Commerce I am privileged to chair and oversee monthly meetings with local business leaders proactive in the community representing a wide cross section of sectors ranging from Education, Engineering, Construction, Design, Retail, Legal, Creative and Not for Profit organisations.

The chamber is the largest business network locally, acting as a non-profit organisation for the businesses specifically within Taunton and playing an active role in supporting their local interests. Over the 14 years I have been a member of the Chamber it has grown year on year to create a substantial business support network, now numbering 250+ members, which promotes business to business and business to customer service development in the local economy alongside working with the local council and regional government agencies.

Our committee members are involved in many of the civic and business groups locally and regionally and regularly attend meetings to ensure our business voice is heard, represented in policy and development, and are kept informed and connected.

Bethan Turner our amazing events and membership manager has been instrumental in creating a programme of business networks and professional development events, providing opportunities for all our members and making sure our programme of activities are relevant to the interests for everyone participating in the chamber.

We continue to create new partnerships and develop initiatives such as the recent work with the local council, Avon and Somerset Police, local police and Crime Commissioner to ensure we have a safe and secure environment for our local communities to work and thrive. Working with our local colleges we provide opportunities for our young people to link with our members to provide valuable business experience and opportunities in their career development and promote a positive support network and environment for the development of enterprise and entrepreneurship.

2026 is looking to be a very positive year for growth and development in Taunton with all the right conditions across our membership networks to build new and improved partnerships and alliances across all sectors, nationally and internationally. We wish all our members a bright, productive and prosperous year ahead.

**WELLINGTON  
PRINTHOUSE**

**We're Wellington Print House - we're your friendly local screenprinter, proudly based in Wellington and printing garments properly since 2015. What started as a small studio has grown into a trusted print partner for businesses and organisations right across the area and we still love nothing more than seeing our work worn around town.**

We work with a real mix of local people. Gyms needing kit that can handle early mornings and hard sessions. Coffee shops and hospitality teams who want their staff looking sharp behind the counter. Clothing brands building something from the ground up and needing consistent, quality print. Events bringing people together. Charities raising awareness and funds. And local businesses ordering workwear that represents their brand properly.

From 20 garments to 2,000, everything is printed in-house at our Wellington studio, just off Junction 26. We mix our own inks, focus on colour accuracy, and take pride in getting the details right - because when your logo's on it, it matters.

We're known for being approachable, easy to work with, and honest about what will (and won't) work. No unnecessary upselling. No confusing jargon. Just solid advice, great print and garments that last.

If you're a local business, club, brand or organisation with a project in mind, or even just an idea, pop in, give us a call, or drop us an email.

# King's College

## TAUNTON

**King's College, Taunton is proud to join the Taunton Chamber of Commerce and to strengthen our connections within the local business community. Alongside our reputation for academic excellence, we operate a year round commercial arm that opens our facilities to organisations, event organisers and community groups across Somerset and beyond.**

Our historic campus offers a wide range of spaces suitable for conferences, corporate training, exhibitions, celebrations and community events. These include modern classrooms, meeting suites, large halls, performance spaces and extensive sports facilities. During school holiday periods we also provide residential accommodation, making King's an attractive venue for residential courses, summer schools and sports camps.

Alongside venue hire, King's hosts a thriving programme of commercial activities which include sports camps, cricket festivals, community sessions and bespoke events. We work closely with local partners and welcome new collaborations, from corporate events to community initiatives.

By joining the Chamber, we hope to raise awareness of what King's can offer, develop new partnerships and play an active role in promoting Taunton as a vibrant place to live, work and do business.

# Earlam and Christopher

OPTOMETRISTS & CONTACT LENS SPECIALISTS

**Earlam & Christopher is an independent optometry practice based in Taunton, known for combining advanced clinical care with a genuinely warm and supportive patient experience. While the practice has a strong reputation for managing complex eye conditions, particularly dry eye disease and contact lenses, its real strength lies in the people behind the care.**

The practice is proudly independent and team-led, with every member playing an essential role in delivering outstanding customer service. From the first point of contact through to ongoing clinical care, patients are supported by a team who take time to listen, explain and reassure, creating an environment where people feel listened to, confident and cared for.

Sarah brings many years of senior experience in optometry, including involvement in international education and clinical collaboration, particularly in light therapy for dry eye disease, dry macular degeneration and ocular aesthetics. This work gives early insight into emerging research and treatment approaches, allowing the team to bring truly cutting-edge, evidence-based care into everyday practice. As a result, Earlam & Christopher is often among the first practices in the UK to introduce new treatments, ensuring local patients can access the latest advances without travelling further afield.

Alongside Sarah, Ed Farrant is a leading specialist in glaucoma management and complex contact lens work, supporting patients with complex and long-term eye health needs and also working regularly in Musgrove clinics.

As new Chamber members, the team looks forward to building even stronger local relationships and contributing positively to the wider business community.

## travel counsellors

**Emma Jones Travel Counsellor - Curated Travel built around you Travel should feel effortless, exciting and completely personal - not something you piece together at midnight with 27 tabs open. That's where I come in.**

As a Travel Counsellor, I specialise in creating bespoke itineraries designed entirely around you. From tailor-made, once-in-a-lifetime journeys to easy, short-haul sun escapes where everything just flows, I take care of every detail so you can focus on enjoying the experience. No templates. No off-the-shelf packages. Just travel that fits your life.

I'm proud to be part of the Travel Counsellors family, which means my clients benefit from full ATOL protection, 24/7 support while travelling, and the reassurance of a global network behind the scenes - all while working with one dedicated expert from start to finish. It's the perfect balance of personal service and total peace of mind.

Alongside leisure travel, I also work with corporate clients to curate conferences, incentive trips and group experiences that feel seamless and considered. Whether it's rewarding a team or hosting clients abroad, I manage the logistics while keeping the experience elevated and memorable.

Every journey I plan starts with a complimentary 30-minute discovery call. It's a relaxed conversation where I get to know you, your travel style and what really matters, so I can design something that feels right from the very first step.

If you're looking for travel that's thoughtful, beautifully planned and genuinely tailored to you, I'd love to help.

**YOUNG SOMERSET: Empowering the County's Young People Through Community and Corporate Collaboration**

**Young Somerset stands as one of the county's leading youth organisations, dedicated to improving the lives, opportunities, and wellbeing of young people across the region.**

The organisation works with children and young people from diverse backgrounds, including those facing disadvantage, isolation, or barriers to education and employment. Through clinical and non-clinical support workers, targeted youth support, and community partnerships, Young Somerset ensures that young people can access guidance, encouragement, and a safe space to grow - we help young people navigate to where they want to get to.

Now, the charity is looking to broaden its impact by strengthening corporate engagement. We recognise that the business community holds a wealth of knowledge, experience, and resources that can transform young lives. By building deeper relationships with local and regional employers, Young Somerset aims to create new pathways for young people, offering insights into different industries, meaningful skill-building opportunities, mentoring, and exposure to real-world workplaces.

This growing collaboration isn't just about support; it's about unlocking potential. By embracing partnerships with businesses, Young Somerset is opening doors to a wider world, helping the next generation gain the confidence, skills, and connections they need to shape their futures.

**YOU'RE UNIQUE**  
*Coaching & Therapies*

**You're Unique (Coaching & Therapies) Ltd provides therapeutic coaching, a supportive, non-judgemental space for people to explore their inner world, whether they are navigating emotional pain or simply want life and work to feel easier and more aligned.**

Lou works with individuals experiencing stress, anxiety, confidence challenges or periods of change. Her approach blends coaching with therapeutic techniques, supporting both practical goals and emotional wellbeing.

Many organisations invest in support only once difficulties have escalated. Smaller businesses, in particular, can struggle to access affordable options. Lou is passionate about offering a proactive alternative structured, confidential wellbeing sessions designed to strengthen resilience and support employees before stress leads to burnout, absence or disengagement.

The Best Self programme provides accessible, preventative support for local businesses who want to care for their people in a meaningful and sustainable way.

## STEPHENS SCOWN ACHIEVES OPERATIONAL NET ZERO

Taunton Chamber members Stephens Scown has been able to achieve an impressive downward trend in emissions thanks to the hard work of Jaime Thornton, Facilities Manager, ensuring offices run with sustainability at their core, in combination with employee efforts in reducing carbon through increasing sustainable travel methods, reducing waste, electricity use and paper usage, and following their internal 'Net Zero Hero' campaign.

Verity Slater, Partner, and one of the leads in the push to Net Zero said, *"In making the initial push to be net zero by the end of 2025, we wanted to give ourselves an achievable goal, and one that would give us a real chance of demonstrating the firm's commitment to building a better future. Having achieved it, we've shown what's possible when people come together with a shared purpose and a determination to do what's right."*

*"While this is a fantastic result, we know this is only the beginning, and that collectively we can continue to further reduce our carbon footprint. It will be great to see what impact our offsetting also has in the years to come."*

## MEET THE MEMBER - HELEN OLIVER AT FRETHEY HOUSE CARE HOME

As Home Manager at Frethey House Care Home in Taunton, I believe that our residents should receive the highest quality of care possible, and endeavour to ensure that my team and I always maintain this, along with making each day memorable.

Working at Frethey House is a true privilege. We're lucky enough to enjoy stunning views across the countryside, along with a beautiful courtyard garden which is always full of residents enjoying a coffee in the sunshine in summer. The home has a wonderfully friendly atmosphere thanks to both the caring team and the cosy surroundings.

I always aim to lead by example, involving myself in the day-to-day life of our community as well as making Frethey House a happy place in which to live and work. It is wonderful to see the smiles on residents' faces every day. I have worked in care since 2009, have educated myself to degree level, and completed my Level 10 in Leadership and Management in social care last year. It highlighted to me key ways in which I can support my team to get the best out of themselves, whatever their role, to ensure everyone I work with gets a chance to develop professionally.

At Frethey House, we are one big family and everything we do is from the heart. We treat the people living in our community as individuals, understanding their choices, wishes and dreams, and making a difference to their lives every day. It is important to us that they feel valued and respected, as their experiences and life stories are something from which we can all learn.

## KATIE THOMSON MARKETING CELEBRATES SIX YEARS OF SUPPORTING BUSINESS GROWTH

Katie Thomson Marketing (KTM) is proud to be celebrating six years of helping businesses grow through clear, strategic marketing support, with a particular focus on service-based businesses across the South West and throughout the UK.

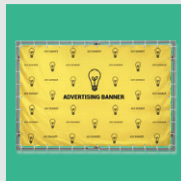

Service businesses often face a unique challenge: what they offer can feel “invisible” until a customer experiences it. KTM exists to change that. Through thoughtful strategy, strong messaging and consistent marketing delivery, we help businesses make the invisibility of a service visible, turning expertise into a clear proposition that customers understand, trust and choose.

KTM works with a wide range of organisations, from growing local firms to established businesses with in-house teams who need additional support. Whether acting as a full outsourced marketing function or as an extension of an internal team, the agency is known for making marketing simple, achievable and effective.

Our services include marketing strategy, branding, website development, SEO, social media management, graphic design, email marketing and event support. Every project is approached with the same goal: aligning marketing activity with business objectives to deliver measurable results, not just increased visibility.

As KTM enters its seventh year, the mission remains the same: to provide practical marketing support that helps service-based businesses grow, by clearly communicating their value, building trust, and creating marketing that works.

## AN MBE FOR MARTIN HODGSON, YMCA DULVERTON GROUP

We're proud to share that Martin Hodgson, CEO of our member YMCA Dulverton Group has been awarded an MBE in the 2026 New Year Honours List! The honour recognises his outstanding services to communities, children, young people and those experiencing homelessness and vulnerability across Somerset, North Somerset and Devon.

Martin: *"This recognition is not just for me, but for the incredible team at YMCA Dulverton Group who work tirelessly to support communities. My mission has always been to make a positive difference in people's lives. This honour acknowledges the collective effort behind that vision and reflects the principles – putting others first, listening, and empowering communities to thrive"*

A hugely deserved recognition of leadership, impact and nearly two decades of commitment to positive change!

## BELOW GROUND SOLUTIONS LTD WIN BIG AT BUILT IT AWARDS

The team at Taunton Chamber of Commerce member Below Ground Solutions Ltd are delighted with recognition as Build Its winner of 'The Best Plumbing or Drainage installation' category for their recent BIOROCK & Graf UK Ltd 90 person installation in North Devon, a great evening with so many top class installers and manufacturers.

Below Ground Solutions: *"We have been very proud to be working alongside Graf UK installing innovative sustainable treatment systems for a cleaner tomorrow, this site in North Devon is now complete with a EA permit and a compliant system."*

Graff UK: *"We recently supported the installation and commissioning of a 90PE BIOROCK system in North Devon, designed to serve 15 properties."*

*The site had a non-compliant septic tank and drainage field, so the client needed a reliable, quiet, and low-power solution that could handle variable flows — all without relying on electricity.*

*Working with Below Ground Solutions the final setup includes a 3000L primary tank followed by three Ecorock units, all discharging to a watercourse with full compliance.*

*Ground conditions weren't easy, but the installation went smoothly and the system is now ready for long-term, low-maintenance operation."*

### About Below Ground Solutions:

Below Ground Solutions Ltd engineers have been operating for several years, working hard to successfully achieve becoming a good reputable company that reaches all our customers expectations. We are so confident in the services we offer and the quality of work we produce that our work is guaranteed.
